CONTEMPORARY LUXURY FIREPLACES

Cocoon Fires produces contemporary fireplaces that combine stylish form as well as function, to create outstanding environments.

Versatility through and through, whether suspended, wall mounted or free standing, our range of fireplaces offer endless possibilities for your interior or exterior space.

Designed by innovative and celebrated designer Federico Otero, the Cocoon is an example of contemporary design made unique.

ABOUT BIOETHANOL FIRES

Cocoon Fires fireplaces are fuelled with bioethanol. Bioethanol is a biofuel derived from plants including corn, wheat, barley and sugarcane. Bioethanol is a renewable energy source, with no odour and no harmful emissions. It creates a vibrant clean-burning flame with no harmful effects on the environment or the people using it.

COCOON AERIS

The AERIS Cocoon contemporary fireplace is a suspended design piece that incorporates full adjustability in a modern hanging fireplace.

It has endless possibilities.

The stainless steel version can be converted into an entertaining drinks server by filling it with ice.

The Stainless Steel Hanging System is 142cm fully extended, adjustable to 6 different heights and can be rotated 360°.

The Black Hanging System is 202.5cm fully extended, adjustable in lengths of 25cm, but 360° rotation is not available.

It can also convert into the Pedestal Cocoon.

Available in Matte Black (indoor use only) and Marine Grade Stainless Steel.

COCOON FIRES LIFESTYLE

Cocoon Fires range is designed to capture
the essence of life.

Live and enjoy it to the fullest.

Our fireplaces have no boundaries and they challenge
the traditional views of heating.

The Stainless Steel model's marine grade qualities
allow for the Cocoon to be used all
year round in order to maximise the benefit of its
creative design.

Simply remove the burner and the trays, then fill the
shell with ice or cooling pads to use the Cocoon as a
drink server.
